

A solid finish to a year of transition

We are excited about our core title, mortgage technology and transaction services businesses as we enter 2014. As always, we will look to maximize profitability in all of our businesses and continue to strive to create as much value as possible for our shareholders.

Fidelity National Financial, Inc. (NYSE:FNF), is a leading provider of title insurance, technology and transaction services to the real estate and mortgage industries. FNF is the nation's largest title insurance company through its title insurance underwriters - Fidelity National Title, Chicago Title, Commonwealth Land Title and Alamo Title - that collectively issue more title insurance policies than any other title company in the United States.

The fourth quarter of 2013 was marked by the expected transition from a refinance driven market to a purchase driven market. During the quarter 55% of open orders and 56% of closed orders were purchase related. This was a significant increase from the 32% of open orders and 33% of closed orders being purchase related in the fourth quarter of 2012.

It was another impressive quarter in the commercial title insurance business, where we generated \$146 million in revenue on 12,800 closed orders, and our commercial fee per file of averaging \$11,400. Overall, our core operations generated nearly \$1.4 billion in revenue in the fourth quarter and nearly \$ 6.0 billion in revenue in 2013.
